Behind the Door

A stroll through Philadelphia's neighborhoods

will show countless doors of different colors, sizes, styles and age – as diverse as the people of the city in which we live. The door is a welcome symbol to those who pass through, but has an air of mystery as to what's behind it for those who don't... The symbol and first impression of someone's home is their front door – a nod to Fidler Club being a “home away from home”.

It is also symbolic of our members...

Our members are people who “open doors” for others; the leaders of the community who create opportunities for employment, networking, philanthropy, mentoring and business... however, at Fidler Club, we have opened a door for them - by building a new community that reflects their personal lifestyle; a diverse and unique group of leaders are brought together creating countless new opportunities everyday: in wellness, in dining, in business, and in their social lives. You could say our job is to empower and enable.

Your lifestyle. Your community. You're Philadelphia.

With a commitment to philanthropy and Philadelphia, Fitler Foundation will work closely with strategic investor Admiral Capital Group (co-founded by NBA legend and philanthropist David Robinson), the club's founders and advisory board to identify and support high impact opportunities to give back to the community.

- We are committed to giving back to Philadelphia. To kick this off, every member will receive a "key to the club". For every key given out, a \$250 charitable contribution will be made. Because we are serious about giving back.
- Annually, we will host the Fitler Club gala to benefit one local charity, selected by the philanthropy board. Since our members are committed personally and professionally to so many important charitable efforts, we're adding a little fun to the selection process and will host a yearly charity shark tank - wow us with your charitable endeavor and your charity could be selected as the Gala beneficiary.
- And for any charitable event held at Fitler Club, we'll donate a portion of the event back to that charity. Yep, we are that serious.

Fitler Club has evolved the membership club model by combining social, business and wellness offerings into one cohesive lifestyle experience unlike anything in Philadelphia, or elsewhere.

- David Gutstadt
